

1

PERMUTA SOLUTION

Customer chosen modules (capability solutions packages) and customer configuration data are passed in a **NuGet package** and installed easily via a **Microsoft Deployer installer**.

2

CLOUD OR ON-PREMISES (OR HYBRID)

CLOUD

ON PREMISES*

IL5, IL6

- (IaaS) Apps are hosted in a FEDRAMP compliant DoD IL5 or IL6 Federal Private Cloud Environment
- DISA boundary CAP in place along with VDSS and VDMS services
- Inherited controls and reciprocity significantly shorten time and effort to ATO

BYOC

- Bring-your-own-cloud option
- solution is installed your preferred hardened cloud environment

SaaS

- Software as a service option for IL5 available Fall 2022.

Physical Machines

- CPU: 1x Intel Xeon Silver 12-core
- RAM: 64GB
- OS: Windows Server 2016 x64 Datacenter
- Storage: 1TB
- Software: Hypervisor

Virtual Machines

- SQL Server Host: SQL Server 2016-2019 Developer Edition
- Instances: 8VCUs; 16 Gib RAM (server host, IIS host, job server host)
- Disk: 2nd data disk (min 1024 Gib)

IIS/Dynamics Host: Internet Info Svcs

- Dynamics 365 9.0 (Full Server, SRS Data Connector, SSL Cert)
- SQL Server 2016-2019 Developer Edition (SSRS configured to Dynamics)

ADFS Host (if required):

- 1 VCPU, 2 Gib RAM

Networking/Configuration:

- ADFS, Subnet routing, SSL access, DNS entry, Firewall, Svc Accounts
