AI TECHNOLOGY IMPACT FORUM

SEPTEMBER 10-11, 2024
GEORGIA TECH RESEARCH INSTITUTE (GTRI)
CONFERENCE CENTER, ATLANTA, GA

Hosted by Marine Corps Logistics Command, this forum will explore the transformative potential of artificial intelligence on logistics and supply chain management.

This two-day event will feature keynote speakers, panel discussions, and breakout sessions led by experts from academia, the Department of Defense, and industry. Engage with leaders on topics like predictive maintenance, inventory optimization, and autonomous systems integration. Don't miss this opportunity to gain valuable insights and collaborate on the future of AI in logistics!
